

How to register for a racquetball league online

Go online to www.lcclub.com

Select “online services” on the top right side of the home page.

If you have never utilized our online services, you have two options.

- 1) You may contact our business office and request “online credentials” to be emailed to you. You will then receive an email from us with your temporary username and password to log into the system. At that point you can create your own username and password for the ease of using the system in the future.
- 2) If we have your email address on file, you may click on “Forgot password/Create Logins? Click here” to create your own credentials.

Once you have logged into our online services, please select the “program registration” button.

Please select the “Racquetball League Registration” button:

Click on “view programs”

You will see the list of leagues available. If the registration opening date has not happened yet, you will see the date that the league becomes available.

If the league is available and you wish to register for it, select the appropriate league, and click the button “add to cart”. If you have more than one person on your account, the system will ask you wish of your family members you wish to register.

Upon completion of the registration, you will see the following screen:

If you wish to verify that you have registered for the league, click on the small home button to the left of “program registration”. I have pointed it out above.

Select “account information”, then select “reservation report”. Select the appropriate dates that you wish to see, and click “show report”. You should see your league registration listed there.
